

Know your pool table trim

(or "that's a cat, not a Panther")

Panther and Top Cat tables 2010-present only

No mounting holes through the actual trim piece

Mounting holes located on the extended lower lip

Top groove on trim sits deeply in the top rail

Trim is close to the corner casting and may need adjustment for proper fit.

Used on all current-production Valley pool tables

Valley coin tables prior to 2010, Tiger home tables from 2010—2020

Mounting holes through the actual trim piece

No extended lower lip

Shallower top groove on trim

Corner casting overlaps the trim

Sometimes referred to as "Cougar" trim.

Know what you are ordering, there are NO RETURNS on the "wrong" trim
